MERCEDES-BENZ 280 SE 3.5

You don't drive it, you take it off: In September 1969 the 280 SE 3.5 Coupe made it's debut as the most powerful version of the W111 with a completely newly developed 3.5-litre V8 engine. With only 3,270 units built, the top model is extremely rare and is one of the most sought-after classic cars of its time. With this automobile restored in BRABUS Classic 6 star quality, we revive the exclusive driving experience - as if it were 1969.

NOTICES

*All listed performance figures are approximate values. They depend on vehicle-specific details such as the vehicle type, equipment, tare weight, rear-axleratio, wheel-tyre combinations, transmission type and aerodynamic equipment of the specific car. Figures about performance increases and/or performancekits are to be understood as average values. Test-dependent divergences of +/- 5% are possible. Figures about the overall performance of changed factoryengines through performance increases and/or performance kits are based on the manufacturer's data listed in the vehicle regristration document. They canvary by +/- 5%. BRABUS does not warrant any further reduced performance of factory engines. Specifications are subject to change without prior notice. Thesevalues were determined using the prescribed measurement procedure (directive 80/1268/EEC in its currently valid version). The details are not based on asingle vehicle, and do not form a component of the offer, but serve only for purposes of comparison between different vehicle types.
