MERCEDES-BENZ 300 SL

Sophia Loren, Tony Curtis, Clark Gable: these are just a few of the famous owners of this sleek sports car. In 1957, the 300 SL Roadster, which can reach speeds of up to 260 km/h, mate it's world debut at the Geneva Motor Show. The successor of the already legendary 300 SL

Gullwing is technically similar to the coupé, but with improved driving characteristics. Only 1858 copies of this legend were built.

PERFORMANCE & FUEL ECONOMY

TECHNICAL DATA

Engine	6-Cylinder
Engine size	2996 cm ³
Power	158 kW / 215 PS
Registration date	22.08.1957
Mileage	0 km (after restauration)
0-100 km/h	9.3 s
Vmax	220 km/h / 136 mph

PRICE

NOTICES

* All listed performance figures are approximate values. They depend on vehiclespecific details such as the vehicle type, equipment, tare weight, rear-axle ratio, wheeltyre combinations, transmission type and aerodynamic equipment of the specific car. Figures about performance increases and/or performance kits are to be understood as average values. Test-dependent divergences of +/- 5% are possible. Figures about the overall performance of changed factory engines through performance increases and/or performance kits are based on the manufacturer's data listed in the vehicle regristration document. They can vary by +/-5%. BRABUS does not warrant any further reduced performance of factory engines. Specifications are subject to change without prior notice. These values were determined using the prescribed measurement procedure (directive 80/1268/EEC in its currently valid version). The details are not based on a single vehicle, and do not form a component of the offer, but serve only for purposes of comparison between different vehicle types.

EFFICIENCY & FUEL ECONOMY

Fuel Economy*
city l/100km
highway l/100km
combined l/100km
CO₂ g/km

CO₂-EFFICIENCY*

* Determined based on the measured CO2 emissions in consideration of the vehicle mass.
