THE CORE OF BRABUS MARINE

As one of the world's most iconic boat brands specializing in luxury products for markets around the world, BRABUS Marine focuses on several key principles:

PERFORMANCE – All of our boats are characterized by superior performance courtesy of the latest high-tech engine technology. Through an unwavering commitment to perfection and a pursuit to redefine the superlative, the BRABUS Shadow range offers exceptional in-class power, an unparalleled driving experience and endless “go-anywhere” capabilities.

LUXURY – Our dual-personality design ensures that our performance figures do not come at the expense of on-board luxury. We guarantee sophisticated comfort as well as exclusivity on and below deck designed for a selected group of boat owners who wish to enjoy only the very best boating experience.

FUNCTIONALITY – Beyond the right looks and performance, BRABUS Marine as a brand stands for accessibility, comfortable handling and unmatched drivability. Through a 100 % tech driven development approach, we combine functionality with ease of movement.

THE ALL-NEW BRABUS SHADOW 38 RANGE ONE EXTRAORDINARY PLATFORM. TWO UNCOMPROMISING PERSONALITIES.

The all-new BRABUS 38 range introduces a new generation of high-performance luxury powerboats, available in two distinct configurations: the 850-horsepower BRABUS Shadow 850 XC Cross Cabin and the 1,000-horsepower BRABUS Shadow 1000 XC Cross Cabin.

Both models are based on the same highly versatile 38-foot platform and combine advanced engineering, unmistakable BRABUS design and premium craftsmanship with a clear focus on performance, comfort and everyday usability. A distinctive BRABUS exterior, extensive use of exposed carbon fiber, advanced navigation and control technology, configurable deck layouts and a premium BRABUS Masterpiece onboard environment define the shared character of the new generation.

THE BRABUS SHADOW 1000 XC CROSS CABIN

UNFILTERED, PRECISE, UNMISTAKABLY BRABUS

At the top of the new Shadow 38 range, the BRABUS Shadow 1000 XC Cross Cabin produces 735 kW / 1,000 horsepower courtesy of twin Mercury Racing 500R V8 outboard engines. With a top speed of up to 60 knots, immediate throttle response and breathtaking acceleration, the powerboat was specifically designed for owners who want to explore the full potential of the new platform in its most unrestrained form. Raw power, precise handling and unmistakable presence define an intensely engaging driving experience.

Drawing inspiration from the world of bespoke BRABUS supercars, the Shadow 1000 brings the German luxury brand's high-performance DNA to the water with an emphasis on next-level speed and elegance. As the flagship of the new generation, it represents the most powerful and uncompromising interpretation of the new Shadow 38.

BRABUS SHADOW 850 XC CROSS CABIN

SOPHISTICATED. CONFIDENT. EFFORTLESSLY POWERFUL.

Powered by twin Mercury Verado 425 V10 outboard engines with a combined output of 625 kW / 850 horsepower, the BRABUS Shadow 850 XC Cross Cabin delivers a strong balance of performance, control and everyday usability. A top speed of up to 55 knots and strong mid-range torque support stable, controlled high-speed cruising, while the naturally balanced V10 configuration ensures smooth and easily predictable response across varying operating conditions. The result is a powerboat with a composed, sophisticated character that remains distinctly dynamic at the helm.

The Shadow 850 draws inspiration from the Gran Turismo philosophy: spirited and powerful, yet refined in every detail. Designed for owners who value both high performance and long-distance capability, it transitions seamlessly from spirited coastal runs to relaxed cruising and extended, comfortable journeys on the water.
