NOTICES

* All stated driving performance figures are approximate values. They depend on vehicle-specific details such as the vehicle model, equipment, curb weight, final-drive ratio, tire/wheel combination, transmission design and aerodynamic equipment of the individual vehicle. Details of performance upgrades and/or performance kits are average values. Deviations of +/- 5% are possible due to test conditions. Details about the total power output of factory engines modified with performance upgrades and/or performance kits are based on the manufacturer specifications in the vehicle title, which themselves can deviate by +/- 5%. BRABUS assumes no liability for reduced outputs of factory engines going beyond this. Subject to technical modifications without notice. The stated figures were determined in accordance with the prescribed measuring method (Directive 80/1268/EEC in the currently valid version). The figures do not refer to an individual vehicle and are not part of the offer, but are solely intended for comparison between different vehicle models.
